

Have you seen “Unplanned”?

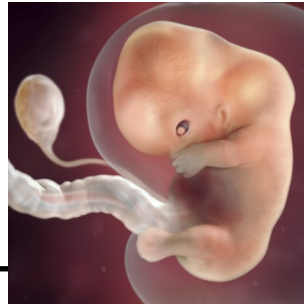

What about Planned Parenthood in Wellington, Florida?

In April 2012, Planned Parenthood opened a 4,700 sq. ft. abortion center under the name of “Wellington Health Center.” They are located on the 3rd floor of the Wellington Professional Center, just north of the Wellington Regional Medical Center at Rt 441 and Forest Hill Blvd. They advertise the following*:

- abortion pill (medication abortion) (*up to 9 weeks*)
- in-clinic abortion (*up to 13 weeks*)
- referrals for other abortion services, as needed

*<http://www.plannedparenthood.org/health-center/florida/wellington/33414/wellington-health-center-4066-90320/abortion>

This is an image of a fetus at nine weeks which qualifies for a chemical abortion at the Wellington Planned Parenthood. Just like in the movie, “Unplanned,” women are sent home to suffer through intense cramping and bleeding, having to clean up a horrific scene afterwards. How can this be a good “choice” for women?

Hope's Heartbeat – VIGIL FOR LIFE, INC.

We pray on the public sidewalk at all entrances to the property of the Wellington Planned Parenthood.

We offer hope to women who may be in a crisis pregnancy by holding signs that will link them to FREE help from our local pro-life crisis pregnancy centers.

THIS EVENT IS HELD ON THE FIRST FULL WEEK OF THE FIRST MONTH OF EACH QUARTER.

January, April, July, October

during the hours of operation of Wellington Planned Parenthood

Can you give one or two hours to help women choose life?

Please contact Valerie to learn how you can sign up individually or ask your pastor if his church is planning to participate.
